

Chrome Hand Shower Filter

The Chrome Hand Shower Filter provides a compact, high-capacity filter that integrates seamlessly into existing shower installations, serving as a discreet point-of-use water filtration solution. The user-friendly replacement filter cartridge system allows for effortless filter exchanges, reducing overall costs where long-term use is required.

Ideal for

- Hotels and leisure facilities
- Public institutions
- Washrooms

Features

- 0.2 µm rated sterilizing grade membrane filter
- High-capacity filter with up to 92-day life cycle
- Constant flow technology ensures optimal flow performance over life cycle
- Replacement filter cartridge system extends use and reduces overall cost
- Integral check valve prevents backflow contamination and spillage during exchange
