

Chrome Wall Shower Filter

The Chrome Wall Shower Filter is a premium offering from T-safe, featuring an anti-vandal design combined with a replacement filter cartridge system and dual functionality. With a quick and easy installation process, featuring a standard 1/2-inch female BSP threaded connection and mounting plate, the filter can be effortlessly fitted to wall or panel showers.

Ideal for

- Hotels and leisure facilities
- Public institutions
- Washrooms

Features

- 0.2 µm rated sterilizing grade membrane filter
- High-capacity filter with up to 92-day life cycle
- Constant flow technology ensures optimal flow performance over life cycle
- Replacement filter cartridge system extends use and reduces overall cost
- Dual functionality enables operation with or without a filter installed
- Anti-vandal design, suitable for use in public facilities
- Integral check valve prevents backflow contamination and spillage during exchange
