

# Easy-Fix Shower Filter

The Easy-Fix Shower Filter's unique design allows for versatile installation, catering to various pipework arrangements. With a standard 1/2-inch female BSP threaded connection, it seamlessly integrates into existing installations, including shower arms and wall-mounted panel showers. Additionally, it can be paired with a T-safe Chrome Shower Arm, offering both surface-mounted and back pipework connection options.

## Ideal for

- Hotels and leisure facilities
- Public institutions
- Washrooms

## Features

- 0.2 µm rated sterilizing grade membrane filter
- High-capacity filter with up to 92-day life cycle
- Constant flow technology ensures optimal flow performance over life cycle
- Replacement filter cartridge system extends use and reduces overall cost
- Flexible installation, compatible with multiple pipework arrangements
- Version available for Rada shower heads: VR105, VR106, VR115, VR125 and VR145
- Integral check valve prevents backflow contamination and spillage during exchange
